OUR TREATMENT PROGRAMMES

Bespoke one-to-one treatments

The three options presented allow you to choose between variable levels of intensity of treatment, as well as different degrees of flexibility around your stay with us, all dependent on your own needs and requirements. All programmes include exit and aftercare planning, and an optional family component. Our therapeutic timetable incorporates a variety of treatment activities and clinical interventions. It includes individual counselling, group therapy, educational workshops, art therapy, yoga, and fitness sessions, as well as off-site mutual support meetings.

We offer transcranial magnetic stimulation therapy and have a TMS machine on-site. We have a full medical team, including a psychiatrist, doctor, nurses, and licensed therapists, with 24/7 cover. The property is beautiful, calm, and inspiring; and the whole team are committed to recovery, always treating you with care and respect. We have an exceptional nutritional programme, and a superb chef.

Individual Care Programme

This includes an individual deluxe ensuite room. The morning programme activities are compulsory, and some of the afternoon sessions may be optional. Three one-to-one sessions each week. One tailor-made activity can be offered each week, such as personal training, a massage, or beauty treatment.

The price is 10,000 euros per week.

Full Bespoke Care Programme

This includes an individual deluxe ensuite room. All timetable activities are optional, and extra therapies can be arranged as required. After a thorough assessment by our clinical and therapeutic team, a tailor-made programme will be developed to meet any individual client needs. This will include five one-to-one sessions each week. In addition to the therapeutic programme, three tailor-made activities can be offered each week, such as personal training, a massage, or beauty treatment.

The price is 15,000 euros per week.

“La Casita” Bespoke Programme

This programme includes all the treatment services, and facilities, of the Full Bespoke Care Programme. In addition, clients have exclusive access to “The Casita”. A standalone 2-bedroom house, separate from the main property, with its own kitchen, living-room, front and back terraces. Ideal for complete privacy; or for anyone requiring additional staff or security. If you want to learn more about this option, please get in touch with our admissions department for more details.

POA euros per week.
